

**Making green spaces work harder** 

For you, your customers and the environment

## About the Green Spaces Advisory Board

Collaboration between Ground Control and seven housing associations.

Here to **'unlock the potential of green spaces'**.

Actions, thought leadership and encouraging collaboration.

## Our workplan

- ▶ Two-year action plan in response to the Green Communities Report.
- ▶ Looking beyond homes ('bricks and mortar') to consider wider sustainable communities.
- ▶ Design a shared Green Space Model for outdoor spaces.
- ▶ Biodiversity metrics and certification.
- ▶ Sharing best practice.
- ▶ Helping to engage residents in environmental issues.

## Shaping the route ahead

Join the conversation on our Housing & Communities LinkedIn group: [www.linkedin.com/showcase/housing-&-communities/](http://www.linkedin.com/showcase/housing-&-communities/)

Find out more and talk to us here at the conference

**We need you!** Sign up for our online workshops in July and September. These are a chance to share ideas and good practice and will help to shape our work and plans for the future.

Helping us to help you

## Online workshop programme for 2022

-  **11 July**    **Auditing & benchmarking:** understanding your green spaces and the data we need to manage them better.
-  **21 July**    **Creating a plan:** putting the foundations for a plan in place based on research and on customer feedback.
-  **2 Sept**    **Partnering & funding:** working with others to secure funding, increase collaboration and engagement, and generate ideas.
-  **5 Sept**    **Engagement:** involving our customers/residents on our journey.
-  **9 Sept**    **Implementation:** turning our plans into action.
-  **12 Sept**    **Evaluation:** measuring and demonstrating our impact.
